## PARTICIPANTS

All mentors (teaching staff) and mentees (students) of DFIA

## EVENT SUMMARY

Mentor–Mentee Day was conducted to strengthen the academic and personal guidance system within the institution. Mentors interacted with their assigned mentees to discuss academic progress, personal development, discipline, and future goals. The programme helped identify student needs, provided individual support, and enhanced communication and trust between mentors and mentees, contributing to overall student welfare and academic improvement.

## SUGGESTIONS & RECOMMENDATIONS

Allocate sufficient time for individual mentor–mentee interactions. Maintain brief mentoring records for follow-up.
